AT SNOW BASIN

Ski Teams Tangle Jan. 30-31

The as yet untried Weber college ski team gets its first taste of competition when it tangles with the slat experts from Modesto, California, junior college, Friday and Saturday, January 30-31, at Snow Basin.

The Wildcat squad is captained by Phil Kearsley, outstanding skier, and coached by Milt Meham.

The Modesto team arrived in Ogden early Wednesday in order to become accustomed to the tricky "Wildcat" course. Coached by Fred Earle, Mutt Horton, and Sam Postum, the Californians are bringing an 18 man squad headed by three outstanding male board artists, Johnny Rawles, Cappy Wake, and Bob Baird, and two top feminine stars, Wanda Tellstrom and Mrs. Gale Taranitzer.

The Weber team held trials at Snow Basin Tuesday to determine who would qualify to clash with Modesto. After eliminations the Wildcat representatives include Captain Phil Kearsley, Dick Mitchell, Don Felt, Russ Young, Fred Montmorency, Bob Van Wagenen, Frank Dallimore, Ted Warner, Keith Bringhurst, Bud Robbins, Buss Roberts, Wayne Schmalz, Lou Holston, George Flygare, and three outstanding women skiers, Diane Hunsaker, Sharon Robbins, and Georgeanne Hedges.

The schedule calls for the slalom and downhill events to take place Friday, with the jumping to follow on Saturday. Captain Phil Kearsley announces that the jumping event will take place on School Hill, adjacent to the parking lot.

Skiers Delight Today At Basin

A huge turnout is anticipated for the AMS snow carnival today at Snow Basin. Above, a Weber coed scans the tricky slopes of Wildcat run prior to her downward flight. Right, Richard Rounds exhibits to a few interested onlookers the form he will display in the races today.

Ski Fest Is Feature Of AMS Carnival

By Keith Hunt

The W. C. spotlight is focused today on that waxy winter disease, skiing, with the running of the annual AMS Snow Carnival in the form of a giant slalom and a snow sculpturing contest at Snow Basin.

The snowfest will begin at 2:15 p. m. today with the women's slalom event down the face of Wildcat run. Several top-flight female slat artists have already registered for the race and Harry Soterus, general chairman of the carnival, reports that upwards of ten femmes will be primed for the go signal today. Included in the roster at present are Sharon Robbins, Georgeanne Hedges, Rosie Peterson, Rae Jones, and Lucille Douglas.

Two Classes for Men

The men skiers are divided into two classes for competition in the races, classes B and C. Chosen to enter in the B class are Phil Kearsley, Bob Van Wageningen, Dick Mitchell, John Tanner, Bud Robbins, Lou Holston, Fred Montmerency, Dugan Felt, Marv Felt and Fran Wecker. All other entries will be placed in the class C competition.

Following the slalom races, the snow sculpturing contest will take place near the basin lodge. Chairman Soterus announces that an invitation is being extended to all campus organizations to enter in the sculpturing event, with prizes being given to the most original and appropriate displays.

Ski Team Represented

The B class slalom dash promises to be the outstanding event of the day, with several members of the Weber ski team represented in the ranks. The Wildcat hickory stars completely bowled over a visiting Modesto, California, squad a few weeks back at the Basin, taking first place in every event entered. Kearsley is the captain of the ski squad, with Van Wageningen, Mitchell, Robbins, Holston and Montmerency completing the squad.

Awards for the races include trophies for the winners in the events, with individual medals going to the second and third place skiers.

Soterus announces that assistant chairman of the event, Bob Van Wageningen, has engaged Art Roth and Corey Engen, Snow Basin professionals, to lay out the zig-zag course down the mountain. Engen recently returned from St. Moritz, where he made a fine showing as a member of the U. S. Olympic ski squad. Soterus is in charge of the timers, with Milt Mechem acting as the official starter.

AMS officers have persuaded school officials to dismiss classes at two bells in order to obtain as large a crowd as possible at the Basin to witness the events and to enter, if desired. Buses will leave from the front of the Gym building at one o'clock to catch the early birds and at two to transport the freed souls from the classrooms.

Ogden high school's Tigers finally found the hoop Tuesday and romped home with a 90-54 win over their former conquerors, Carbon high. Congratulations. The Tigers have been plagued with a bit of bad luck this year. They have the material but their off-nights just seem to roll around at game time. Though it is a little too late to land a post in the state tourney in their own gym, perhaps they can regain a bit of the prestige that has been prevailing at the Tiger lair in past years.

Mitchell Is Winner In Ski Fest

Dick Mitchell walked away with honors at the annual AMS snow carnival Friday by darting through the slalom gates down the face of Wildcat run in two minutes, 18.5 seconds, top time for the meet.

Mitchell literally "squeaked" into the B class title as only two-tenths of a second separated the winner and the second and third placers, Phil Kearsley, and Bud Robbins.

The C class gonfalon was captured by John Tanner, followed by George Flygare and Frank Dallimore in second and third spots respectively. Tanner ran the zig-zag course in two minutes, 33.5 seconds.

Robbins Leads Women

In the women's division Sharron Robbins led the field with a three minute flat excursion down the hill. Rae Jones and Rosie Peterson trailed Sharron through the final gate to place in the meet.

Approximately 300 onlookers were present for the event, held annually at the Basin. The races commenced at 2:30 p. m., with busses providing transportation from Weber college. AMS chairman, Harry Soteras, reported the event to be a huge success.

Mitchell recently won honors at the Brighton races near Salt Lake City. He grabbed first place in the C division and schussed home a fine second place in the fast B class. His accomplishments in recent ski races tab him as one of the outstanding slat performers in our region.

Course Laid By Engen

The course down the mountain for the AMS races was laid out by Corey Engen, former Olympic performer. Engen then set a target for the rest of the field by running the course in the amazing time of two minutes, 10 seconds.

Hi Scott & Honey Bun
 Just turned off the late show, third night
 in a row - can't sleep without Honey Bun.
 Working like a slave - sold one for 10,000
 tonight!
 Haven't had a thing to eat since I left
 Grandma Robbins was late for church on account of a
 bridge game Sunday afternoon. Played Budge
 to 11:00 at Sat. night. Shot a one over par
 37 & beat Dick by two strokes Sunday (first
 time I've beat him). Played golf Monday with
 Parrell.
 I made all this just to hold your hand
 & play a game of baseball with Scott.
 Breakfast for Monday & Sunday - corn flakes & lunch
 tomatoes. I did eat tonight - Hi Spot Hamburger &
 fried squash.
 Been sleepin' in dreaming of you
 Love Bud

Weber Netters Hop To Provo for Meet

Four Weber college tennis stand-outs will journey to Provo Saturday to represent Weber in the annual Brigham Young University Invitational Athletic Carnival. The J.C. tennis bracket will draw net stars from top junior colleges throughout the country.

Chosen by Coach Fred Rabe to make the Provo trip are Lyle Killpack, Charles Fronberg, Hal Fronberg, and Bud Robbins. Killpack will carry the burden of representing Weber in the singles bracket, with the Fronberg brothers teaming up in the doubles matches. At present Killpack is the Ogden City Men's single champ. Robbins will make the trip in the capacity of an alternate player.

Weber will enter the J.C. bracket top-seeded to win the title and successfully defend the championship they captured at the 1947 invitational. The meet at Provo last year was a walkaway for the Wildcats. Charles Fronberg experienced little difficulty in capturing laurels in the singles division, and the doubles combination of Joe Kenney and Wilbur Braithwaite was the cream of the duo specialists. Kenney is making a strong bid for a post on the U. of U. tennis squad at present.

At present the Y meet is the only tilt scheduled so far for the Weber netters. Invitations have been sent out by Coach Rabe to numerous colleges in Utah and surrounding states but, he states, "Evidently our successes in the past BYU meets have given us quite some prestige, for our requests for tennis matches with other junior colleges have been met with flat refusals. The way things stand now this will be our only test of the season."

"Oh, dear," she cried, "I've missed you so much." And then she raised the pistol and fired again.

RESPECT

During the Savior's earthly ministry, as he associated with the lepers, the lame, the wise, or as he knelt in solemn prayer before his Father, one senses that he possessed a profound respect for others. Even during the trial, when those he loved betrayed him, and those he came to serve mocked and cursed him, not once did he speak with disrespect; even when the mob cried, "Crucify him! Crucify him!" and he was taken to Golgotha to suffer for the most excruciating pains, his thoughts were for the welfare of his mother, for those he loved, and even for those who drove nails into his hands, and a dishonorable word never parted his lips.

It is this great characteristic of respect that I would like to bring to your attention. This is a virtue that is often difficult for people to fully appreciate; yet it is a characteristic of maturity, dignity, and greatness. While respect is a virtue that has application in each phase of our lives, it's the application in some areas that seem to need stressing in our day.

Respect for parents - from the time of Adam, to Sinai, to our day, the responsibility of youth to respect their parents has been with us. Great men have always respected their parents. As Christ, our Master, the greatest of all, hung bleeding on the cross, he thought of his mother's welfare. Obedience to parents is the most sublime form of respect. Respect for parents is basic to true manhood or true womanhood.

Respect for Divine Authority - respect for authority is basic in our doctrine. The Lord, in the Doctrine and Covenants, emphasized this point when he declared: "What I the Lord have spoken, I have spoken, and I excuse not myself; and though the heavens and the earth pass away, my word shall not pass away, but shall all be fulfilled, whether by mine own voice or by the voice of my servants, it is the same." D&C 1:38

Respect for law - Respect for law and civil authority is a basic tenet of our beliefs. The Prophet Joseph Smith stated that "we believe in being subject to kings, presidents, rulers, and magistrates, in obeying, honoring, and sustaining the law." This is an area that is being mocked and ridiculed by some in our society today. There is a challenge to each of us in the Church to hold forth a light of respect in the midst of this domain for the laws and statutes that have made this land great.

Respect for others - Respect is an attitude that often finds expression in what is called "common courtesy." It is a tragedy of our time to find that "common courtesy" isn't as common as might be so. This form of respect and consideration is so essential and so basic. Courtesy reflects self-confidence and self-esteem.

May we conclude by paraphrasing a statement made by President McKay: "Little men may succeed, but without respect they can never be great."

RELIEF SOCIETY

Homemaking Day - Tues., April 13th

Come and join with your sisters for a delightful spring morning of fun and information. Sister Joan Palmer will be on hand to lead our homemaking discussion "Thy Speech Betrayeth Thee." This is certainly one of the most important social skills that we can develop; as Shakespeare said, "Her voice was ever soft, gentle and low, an excellent thing in a woman." Do you need to improve your voice and speech in becoming a lovelier you?

In our activity department, Viola White from Utah Craft will be in attendance to help us with our spring flower arrangements. We urge you to bring your homemaking projects with you to work on or show us so that we may all share in developing our homemaking skills.

A lovely luncheon will be served also. And, do remember the sack lunches for your children.

Sister Ruth Anderson has arranged for Bud Robbins to teach us how to play tennis or how to improve our game. We'll be playing at Skyline--call Sister Anderson if you would like to join in the fun.

Remember Tuesday morning is Relief Society time--make it a habit to join with us!
