Complete Results Preston's Popular Horse Show Given

Preston's Third Annual Horse Show, first night of the three day celebration, showed to a record breaking crowd for such a show here last Thursday. The exhibitors and the judges were delighted with the size of the audience and the enthusiasm shown. The audience was highly pleased with the program put on for their enjoyment and the special exhibition put on by Edgemount Sun from the Edgemount Stables in Salt Lake City, drew much applause.

During the course of the show there were three accidents and the committee is happy to say that none of these had serious results. The first accident occurred when the Hollingsworth boy was kicked by a colt. He is well and sound now and everyone is indeed happy that his recovery was so quick. The second accident was when Miss Margery Sorenson's mount reared over backwards and very fortunately did not catch the rider. Miss Margery was somewhat shaken and bruised, but not seriously and before leaving Preston was recovered except for stiffness. The third accident was when the horse of Mrs. G. O. Wright of Idaho Falls and Boise ran away in the Fine Harness class.

Contrary to popular belief Mrs. Wright was only bruised and shocked and the horse has been operated on and is apparently recovering very rapidly from the injury to its leg.

Student Labor Is Needed On Farms

Student labor from Logan Junior and Senior high schools is urgently needed in Cache fields this summer, and today they were requested to sign field work cards, distributed through schools by the county extension service.

"Many young people have the idea that they won't be needed for work in the crops this summer," Bonnie J. Ravsten, Cache farm labor supervisor, declared today. "The response to registration requests thus far has been one of indifference."

"We urge Junior and Senior high students to sign up for work in beets, beans, fruits and other crops. They are urgently needed in the important battle of food production. We suggest, also, that parents encourage their children to aid in his cause."

Student Opinions Brought Forth During November 12 Assembly

The Weber campus today appears to be in a turmoil as the result of Tuesday's Nov. 12, program in the semi-weekly assembly series. The program, sponsored by a group of veterans interested in the college and opportunities given them in college, developed during the last few minutes into a wild debate on the merits of the SIGNPOST and the policies pursued by it.

The assembly opened with a round-table discussion of four overseas veterans and the moderator Douglas Moore on the problems of the veterans in their adjustment to college life and their ideas on the current plan of veteran legislation. John Murphy opened the discussion with a brief narration on his personal ideas of veteran problems.

G.I. Bill Explained - Mr. Murphy was followed by McPhie, who voiced the procedure and details of the rehabilitation program, and Grant Maw, who explained briefly the G.I. Bill of Rights. The closing speaker, **Bud Robbins**, gave a detailed approach to the various veteran plans offered by the states, and suggested the organization of a group of Utah college students and veterans to push adequate veteran legislation through Utah's legislature.

Sparks began to fly when the program was thrown open to an audience discussion of veteran's gripes. Laurence Burton fired the opening shot with his opinion that the SIGNPOST was offering only negative criticism of Weber's problems in the publication of anonymous letters such as the Irishman's letter in the Nov. 8 edition and such negative criticism was serving no useful place in the constructive efforts to eliminate Weber's problems.

Signpost Speaks - Mr. Burton was answered by Howard E. Wright, associate editor of the SIGNPOST, who implied that the paper did not attempt to interpret student opinion except in its editorial columns, and that the Letters to the Editor department was open to any student. Of opinion regardless of its nature.

Mr. Wright explained that the by-lined features appearing in the Signpost did not necessarily reflect the views of the paper, but they are the views of the named writer.

Blake Storey, student body business manager, summarized the complaints of Mr. Burton and Mr. Wright by suggesting that a great number of students have much criticism to offer but never offer any cooperation in the student activities, and if these persons would cooperate the SIGNPOST would not have quite so much to talk about. Mr. Storey also talked about Weber's social clubs and the roles they played in the student activities, and he suggested that any Weber student could become a member of a social club. He said the idea of cliques in these clubs which had been stated to be carryovers from Ogden high school was entirely in the imagination of the minority groups.

The general consensus of opinion on the campus is that the SIGNPOST has offered much criticism but that it is playing an unestimable part in bolstering the spirit by causing such spirited discussions.

Ski Fest is Feature of AMS Carnival by Keigh Hunt

The W.C. spotlight is focused today on that waxy winter disease, skiing, with the running of the annual AMS Snow Carnival in the form of a giant slalom and a snow sculpturing contest at Snow Basin. The snowfest will begin at 2:15 p.m. today with the women's slalom event down the face of Wildcat run. Several top-flight female slat artists have already registered for the race and Harry Soteris, general chairman of the carnival, reports that upwards of ten femmes will be primed for the go signal today. Included in the roster at present are *Sharon Robbins*, *Georgianne Hedges*, *Rosie Peterson*, *Rae Jones*, and *Lucille Douglas*.

Two Classes for Men - The men skiers are divided into two classes for competition in the races, classes B and C. Chosen to enter in the B class are *Phil Kearsley*, *Bob Van Wagenen*, *Dick Mitchell*, *John Tanner*, **Bud Robbins**, *Lou Holston*, *Fred Montmorency*, *Dugan Felt*, *Marv Felt* and *Fran Wecker*. All other entries will be placed in the class C competition. Following the slalom races, the snow sculpturing contest will take place near the basin lodge. Chairman Soteris announces that an invitation is being extended to all campus organizations to enter in the sculpturing event, with prizes being given to the most original and appropriate displays.

Ski Teams Represented - The B class slalom dash promises to be the outstanding event of the day, with several members of the Weber ski team represented in the ranks. The Wildcat hickory stars completely bowled over a visiting Modesto, California squad a few weeks back at the Basin, taking first place in every event entered. Kearsley is the captain of the ski squad, with *Van Wagenen*, *Mitchell*, **Robbins**, *Holston* and *Montmorency* completing the squad. Awards for the races include trophies for the winners in the events, with individual medals going to the second and third place skiers.

Soteris announces that assistant chairman of the event, *Bob Van Wagenen*, has engaged *Art Roth* and *Corey Engen*, Snow Basin professionals, to lay out the zig-zag course down the mountain. Engen recently returned from St. Moritz where he made a fine showing as a member of the U.S. Olympic ski squad. Soteris is in charge of the timers, with *Milt Mecham* acting as the official starter. AMS officers have persuaded school officials to dismiss classes at two bells in order to obtain as large a crowd as possible at the basin to witness the events and to enter, if desired. Busses will leave from the front of the Gym building at one o'clock to catch the early birds and at two to transport the freed souls from the classrooms.

Ogden high school's Tigers finally found the hoop Tuesday and romped home with a 90-54 win over their former conquerors, Carbon high. Congratulations. The Tigers have been plagued with a bit of bad luck this year. They have the material but their off-nights just seem to roll around at game time. Though it is a little too late to land a post in the state tourney in their own gym, perhaps they can regain a bit of the prestige that has been prevailing at the Tiger lair in past years.

Mitchell is Winner In Ski Fest

Dick Mitchell walked away with honors at the annual AMS snow carnival Friday by darting through the slalom gates down the face of Wildcat run in two minutes, 18.5 seconds, top time for the meet. Mitchell literally "squeaked" into the B class title as only two-tenths of a second separated the winner and the second and third placers, *Phil Kearsley* and **Bud Robbins**. The C class gonfalon was captured by John Tanner, followed by George Flygare and Frank Dallimore in second and third spots respectively. Tanner ran the zig-zag course in two minutes, 33.5 seconds.

Robbins Leads Women - In the women's division *Sharon Robbins* led the field with a three minute flat excursion down the hill. Rae Jones and Rosie Peterson trailed *Sharon* through the final gate to place in the meet. Approximately 300 onlookers were present for the event, held annually at the Basin. The races commenced at 2:30 p.m. with busses providing transportation from Weber college. AMS chairman, Harry Soteras, reported the event to be a huge success.

Mitchell recently won honors at the Brighton races near Salt Lake City. He grabbed first place in the C division and schussed home a fine second place in the fast B class. His accomplishments in recent ski races tab him as one of the outstanding slat performers in our region. **Course Laid By Engen** - The course down the mountain for the AMS races was laid out by Corey Engen, former Olympic performer. Engen then set a target for the rest of the field by running the course in the amazing time of two minutes, 10 seconds.

Weber Netters Hop to Provo for Meet

Four Weber college tennis standouts will journey to Provo Saturday to represent Weber in the annual Brigham Young University Invitational Athletic Carnival. The J.C. tennis bracket will draw net stars from top junior colleges throughout the country. Chosen by Coach Fred Rabe to make the Provo trip are Lyle Killpack, Charles Fronberg, Hal Fronberg, and **Bud Robbins**. Killpack will carry the burden of representing Weber in the singles bracket, with the Fronbert brothers teaming up in the doubles matches. At present Killpack is the Ogden City's Men's single champ. **Robbins** will make the trip in the capacity of an alternate player.

Weber will enter the J.C. bracket top-seeded to win the title and successfully defend the championship they captured at the 1947 invitationals. The meet at Provo last year was a walkaway for the Wildcats. Charles Fronberg experienced little difficulty in capturing laurels in the singles division, and the doubles combination of Joe Kenney and Wilbur Braithwaite was the cream of the duo specialists. Kenney is making a strong bid for a post on the U. of U. tennis squad at present. At present the Y meet is the only tilt scheduled so far for the Weber netters. Invitations have been sent out by Coach Rabe to numerous colleges in Utah and surrounding states but, he states, "Evidently our successes in the past BYU meets have given us quite some prestige, for our requests for tennis matches with other junior colleges have been met with flat refusals. They way things stand now this will be our only test of the season."

Miss Sharon Robbins Becomes Bride of Phil B. Kearsley at Eccles Hall

Attractive nuptial events of the pre-holiday season include the marriage of Miss Sharon Robbins and Phil B. Kearsley, which took place Friday, Dec 3. at the Bertha Eccles hall. Friends and relatives witnessed the exchange of promises under direction of Bishop Glen J. Ward. Parents of the popular young Ogden couple are Mr. and Mrs. L. Wesley Robbins, and Mr. and Mrs. Ben Kearsley of Los Gatos, Calif.

Miss Robbins appeared on the arm of her father, wearing a white satin gown styled with quaint high collar of seed pearls, fitted bodice, long pointed sleeves, and full skirt falling into a court train. Falling to fingertip length, her veil of dainty lace was held at the head with a coronet trimmed in lilies-of-the-valley. Her bouquet was of white chrysanthemums and pale lavender orchids.

Mrs. Brent Marriott, matron of honor, wore a pastel blue gown and carried purple chrysanthemums. She preceded bridesmaids Ruth Muir of Salt Lake City, attired in petal pink, Renee Robbins, in blue, and Miss Beverly Hamblin in daffodil yellow. All had bouquets of pink carnations. Petite Miss Cindy Robbins wore a blue taffeta flower girl gown, with drop shoulders and bouffant skirt. Her miniature bouquet was composed of white pompom chrysanthemums and pink roses. For her daughter's wedding, Mrs. Robbins, chose a light blue crepe model. Her corsage was of lavender and baby orchids. An identical corsage set off Mrs. Kearsley's black crepe gown trimmed with jet beads.

The bride's brother, **Lowell W. Robbins**, attended Mr. Kearsley as best man. Wedding music was given by Miss Dorothy West at the organ; and at the reception which followed the ceremony, musical selections were supplied by the Weber college Musettes, accompanied by Director J. Clair Anderson and Violinist Carl Allred accompanied by Miss Marilyn Belnap. Miss Belnap also gave vocal numbers throughout the evening.

Among friends and relatives who assisted were Mr. and Mrs. T.W. Muir, Mr. and Mrs. Golden Robbins of Salt Lake City, Mr. and Mrs. Lynn Gibbs, Mr. and Mrs. Walter Chamberlain, the Misses Loretta Thinnies, Doris and Donna Blaes, Marilyn Belnap, Betty Thuernagle, Margaret and Joanne Brophy, Mrs. Harold Hadley and Mrs. Boyd Royster. Preparing to leave for her wedding trip, at the close of the reception, the new Mrs. Kearsley changed to a brown tweed suit with green accessories, pinning an orchid corsage to the lapel. For about 500 students at the University of Utah the terms B.A. and B.S. have taken on new meaning - Bachelor of Arlberg and Bachelor of Sitzmark. Both degrees are now being awarded by the school in addition to the lesser degrees in things like electronics, chemistry, Greek and medicine. You can win this sheep-skin in just one quarter, although the B.A. often takes longer. Anybody, even a wooden-legged blind man, can get a B.S. It's as easy as falling off a rope tow. The dean of this school is Dr. N.P. Neilson, who along with Ike Armstrong, Utah athletic director and football coach, started scholastic skiing four years ago. Dr. Neilson's right-hand man is a woman, Alice Bronson, a very nice person who looks equally at home with tea cup or christie.

Real Veteran - Acting as administrators of the ski school, these two enjoy the services of a cohort who was born in a snowbank and who wore downhill pants before diapers. He is Fredl Lang, anthropology teacher now turned skimeister. He teaches anthropology, whatever that is, once in a while. Under this upper crust of bosses come the instructors whose job it is to convey to the students the art of coming down a hill with six or seven feet of timber on their feet. The instructors are Jim Shane, Tom Deglas, Bud Pannier, Michael Ann Healey, **Bud Robbins**, Marie Church, Adele Mays, Jean Richards, Jean Hodges, Joan McKendrick, Dick Johnson, Charles Griffin, George Romney, Larry Rogers, Ronnie Youngbert, Dave Stephens, Russel Downward (whatta name for a ski teacher) and Juno Rasmussen. The straw bosses of this crew are Erna Olsen and Nanette Taylor, two of the faculty physical education instructors.

If you want to be an instructor in this christie college you must register for the instructor's course in the autumn quarter. There you learn to say over and over, "Bend the knees forward, swing the shoulders and keep the weight on the downhill ski." The group tends toward the Arlbert technique, but little diversions toward the Allais are accepted, too. Friedl's thought is that in the final analysis both are quite the same and that the difference is not worth a snapped cable.

When school opened after Christmas vacation more than 500 schussboomers registered for skiing to fulfill their physical education requirements. Every day, except Sunday and Monday, ski buses leave the campus at 12:30 p.m., except for Saturday, when departure time is 9:30 a.m. After arrival on the slopes two hours are allowed for instruction and one hour for planting the fanny where gravity and whim dictates. Classes are limited to 15 students and are divided into four divisions - beginning for snow bunnies who are down more than they are up - elementary for tyros bravely essaying the snowplow - intermediate for those mit der stemmbogen, and advanced for the aristocrats who deign only stem christies. On Saturdays four beginning, three elementary, two intermediate and two advanced classes are held. The buses travel to Alta, Brighton and Little mountain or to Fort Douglas if the weather is bad. In all the classes held only half a dozen unfortunates have injured themselves, a fine safety record. The excellence of that record is a payoff on the University of Utah's objective in teaching the sport. They aim at controlled skiing by progress from the simple to difficult maneuvers. 4-H Girls Happy Over Awards Won At Fair

The Nine Happy Homemakers club of Richmond was indeed very happy recently upon learning that their exhibit was given a blue ribbon rating at the Utah state fair. Other members of this first year home improvement club include: **Helen Albiston**, Elaine Bair, Beverly Bateman, Mary Hunsaker, Mary Lee Sanders, Betty Lou Sorenson, Carolyn Rasmussen and Janet Whitman.

These 4-H girls are living examples of the 4-H theme "Make the Best Better" for together they have done a total of 2,546 chores around their homes and yards, made 66 articles to better their surroundings, improved 17 rooms and removed 14 safety hazards in addition to helping with canning, gardening, picking beans and tending children. No wonder their mothers testify how much there 4-H'ers have helped them with the summer's work!

Of the thirteen club meeting held, the average attendance was 11.4 or 88 percent. Eight members were present at the annual three-day outing held at Bear Lake. Model Husbands In The Making: Homemaking Students Thrive On Own Cooking by Jean Ward

Life for seven collegians at 411 Twelfth East St. revolves around a green tea cup minus a handle and a 1928 sedan purchased last spring for 65 dollars. The "Kitty," that's the green tea cup, keeps seven mouths fed, and the "Blue Beetle" that's the '28 jalopy, keeps seven university students amazed at its faithful service.

But that's not all that keeps life in a whirl for seven youthful homemakers. They take turnabout at cooking, cleaning, scrubbing, defrosting the fridge, washing or grocery shopping in their furnished house. And some day after graduation they'll make some lucky brides fine wives - er - husbands. You see, the seven collegians are seven fellows who just finished fall quarter exams. The tallest house member has already taken the marital step, this week end, if you please. He's Bob Mikkelsen from Echo, Utah, an English Major who married Norma Summers. Say Lowell Manfull of Ogden, the smallest house member and a Drama Major, "We feel we've given Bob excellent training." For, in the words of the "United Order" members at 411, Bob has been "worked over."

HE COOKS - If he couldn't cook when he first moved in, he can now! Once every week or so he's prepared dinner and the next day's lunch for seven hungry housemates. That means he's planned the menu, shopped for and charged his groceries at the corner store, gotten meat from their locker, cooked the dinner, done the dishes, and lined up food for tomorrow's lunch. That IS excellent training.

You should see Pierre Hualde of Ogden, a Business Major on the end of a vacuum. He means business when he tackles the upstairs hall with instrument roaring. Or what about Dick Schmidt from Red Granite, Wis., preparing his famous chop suey dish in the kitchen? Dick, by the way, is the house-manager, so to speak, an Economics Major he handles the grocery receipts with fondness and authority, and has been known to offer rebates on successful months.

Bud Robbins of Pocatello and Ray Bingham of Ogden are the future lawyers of the crowd. That doesn't mean they get a chance to lay the law down any oftener than any one else in the gang. But it does give them some extra sleepless nights when test week rolls around. And when it comes to studying "At Home," the fellows insist that they can study undisturbed. Allan Brady of Fairview, a Physics Major who is now the sole owner of the "Blue Beetle," "cracks" his studies quite often on the dining room table (after shoving a couple of cans of tennis balls, numerous other text books and a box of golf balls to one side.)

Homemaking Students Thrive On Own Cooking

By JEAN WARD

Life for seven collegians at 411 Twelfth East St. revolves around a green tea cup minus a handle and a 1928 sedan purchased last spring for 65 dollars.

The "Kitty," that's the green tea cup, keeps seven mouths fed, and the "Blue Beetle" that's the '28 jalopy, keeps seven university students amazed at it's faithful service.

But that's not all that keeps life in a whirl for seven youthful homemakers.

They take turnabout at cooking, cleaning, scrubbing, defrosting the fridge, washing or grocery shopping in their furnished house. And some day after graduation they'll make some lucky brides fine wives—er—husbands.

You see, the seven collegians are seven fellows who just finished fall quarter exams.

The tallest housemember has already taken the marital step, this week end, if you please. He's Bob Mikkelsen from Echo,

Utah, an English Major who married Norma Summers. Says Lowell Manfull of Ogden, the smallest housemember and a Drama Major, "We feel we've given Bob excellent training." For, in the words of the "United Order" members at 411, Bob has been "worked over."

HE COOKS

If he couldn't cook when he first moved in, he can now! Once every week or so he's prepared dinner and the next

day's lunch for seven hungry housemates.

That means he's planned the menu, shopped for and charged his groceries at the corner store, gotten meat from their locker, cooked the dinner, done the dishes, and lined up food for tomorrow's lunch. That is excellent training.

You should see Pierre Hualde of Ogden, a Business Major on the end of a vacuum. He means business when he tackles the upstairs hall with instrument roaring.

Or what about Dick Schmidt from Red Granite, Wis., preparing his famous chop suey dish in the kitchen? Dick, by the way, is the house-manager, so to speak, an Economics Major he handles the grocery receipts with fondness and au-

thority, and has been known to offer rebates on successful months.

Bud Robbins of Pocatello and Ray Bingham of Ogden are the future lawyers of the crowd. That doesn't mean they get a chance to lay the law down any oftener than any one else in the gang. But it does give them some extra sleepless nights when test week rolls around.

And when it comes to studying "At Home," the fellows in-

sist that they can study undisturbed. Allan Brady of Fairview, a Physics Major who is now sole owner of the "Blue Beetle," "cracks" his studies quite often on the dining room table (after shoving a couple of cans of tennis balls, numerous other text books and a box of golf ball to one side.)

Studying during the past test week went on continually in all parts of the four bedrooms, living room, dining room or kitchen.

As for such homemaking training, the fellows favor their living. (They were strangers to one another when they applied separately to householder Mrs. Elizabeth Theobald last fall.) True, they have to learn to ignore certain untidiness, but their mothers are amazed—their sons are gaining weight!

M&L Coal Cops 1st Half Softball Title

Flashing the longest win skein and the most effective one-two pitching combination in the entire circuit, M and L Coal ousted Jim's Texaco, 9-3, last evening to win a three-way playoff for the first half Girls' Valley league championship. Lorna Mason, whose brilliance blinded the defending champs—Johnson's Concrete, Tuesday—did a yeoman's job in limiting the Texaco nine to a scant two singles. Meanwhile, the old saying, "The South's gonna rise again," was never more true last evening as "Rebel" all-star forces, representing players from Richmond, Seamon's Service, Bob's Texaco and M and L Coal, pounded the Northerners, 13-7.

And Mason drew the line. Yep, Lorna Mason, who had pitched six full innings for M & L in the championship tilt, hurled the first three frames of the All-Star contest, giving up only one single to opposing pitcher Joan Nish, Johnson's star pitcher.

The Southern team reaped Joan Nish for six markers in the third inning on four base hits and then added three more runs to that total in the fourth. From that point, it was only a matter of how big the South's victory margin would be. Lorna Mason, Helen Albiston and Ann Lamb combined to turn back the Northern Stars as their mates battered two

of-manager Joe Cipolla's hurlers for 16 hits.

Ruth Hansen, Seamon's Service outfielder, was the big hitting noise with three singles in four official trips. Ann Lamb, Amy Moser, Deanne Brenchley, and Marian Blackington had two hits each. Beverly Bateman, Lardene Wayman and Joan Nish clouted the only extra base blows, a double, triple and home run respectively.

The losers could manage but six hits off Mason, Lamb and Albiston. Their biggest uprising came in the fourth frame when Helen Albiston was touched for three hits and five counters.

With Mason apparently controlling Smithfield's every move, M & L stickers had very little work to do. Two tallies in the first inning and three in each the fourth and five cantos left the final outcome in little doubt. Lardene Wayman and Carol Rae Brown struck four of the five M & L hits.

Second half action will get underway Monday with M & L and Johnson's meeting at Logan. Logan Knit playing Seamon's Service at Smithfield while Richmond travels to Wellsville to play Bob's Texaco and Jim's Texaco invades the Providence Lion den.

M&L Coal Cops 1st Half Softball Title

Flashing the longest win Skein and the most effective one-two pitching combination in the entire circuit, M and L Coal cuffed Jim's Texaco, 9-3, last evening to win a three-way playoff for the first half Girls' Valley league championship. Lorna Mason, who brilliance blinded the defending champs - Johnson's Concrete, Tuesday - did a yeoman's job in limiting the Texaco in to a scant two singles.

Evaporated Milk Production in Utah Marks 50th Year

This year marks the fiftieth anniversary of evaporated milk production in Utah. The now thriving industry was born in Richmond, Utah, with the opening there of a Sego Milk Products Company plant in 1904. The "Logan Herald" on March 10, 1904 reported: "Condensed Milk Factory at Richmond is Now in Operation."

"Monday, March 14, saw the Utah Condensed Milk Factory in full operation and by night, 2000 pounds of condensed milk was ready for shipment. The commencement was very satisfactory to those in charge. Everything went off in perfect order. There was not a hitch in any part of the machinery and the product put out was said to be of the very best quality."

That the first day started so auspiciously is a tribute to the founders of the first plant: Marriner W. Merrill, J.W. Hendricks, Brigham Pond, H.B. Rackliff, Andrew L. Hyer, Charles Z. Harris, Thomas H. Merrill, and many others.

In 1903 it became apparent that dairying, as a major Cache Valley industry, would have to be abandoned unless outside markets were obtained. Butter and cheese not only returned low prices but lacked expanding sales. A new commodity, evaporated milk, offered opportunities. An investigation in the East was made by C.E. Merrill, C.Z. Harris, and H.B. Rackliff. Upon receiving a favorable report on the venture, committees were formed to sell stock for the "Utah Condensed Milk Company." A \$100,000 goal was set.

Enthusiasm for the new project ran high at the outset, and \$60,000 in funds was soon promised. Then rumors of evaporated milk failures in other areas were reported. Discouragement arose. Finally a mass meeting was held at Richmond to settle the matter. Marriner W. Merrill, a Mormon Apostle, in a few well-chosen words, spurned difficulties. Then he proposed starting construction on the following day. Unanimous approval was given and the chief industry of Cache Valley was started.

Since the first plant of the Utah Condensed Milk Company, later changed to the Sego Milk Products Company, was erected, millions of dollars have been returned to the people of Cache Valley in milk and cream checks and wages. The original plant has been and still is a substantial factor in the development of the dairy industry in this region. Surely the vision and determination of our pioneers in this project has resulted in manifold benefits to their posterity.

All equipment is new, first class and up-to-date in every respect. Growth continues.

Plant Provides Area Employment

No lack of eager employees was found for original Sego Milk plant in Richmond. Utah's first evaporated milk operation. Hours were long and work was hard. But a fine product was made that laid the foundation for the tremendous growth that has occurred during the past fifty years of the industry which now celebrates its Golden Anniversary. The "condenser" as it was commonly called, was a success from the beginning.

Father to Son: These first employees assisted in starting an industry which has meant a steady market for Cache Valley milk for fifty years. They also established an industry which provided steady employment for their posterity. Today many relatives of the first group of Richmond condensery employers are employed at Sego Milk Products Company's Richmond plant.

Ernest Johnson, whose picture appears above, is still employed at the Richmond plant. He was plant superintendent for many years. Today his son, Franklin R. Johnson, is following in his father's footsteps. **Harold and Roy Albiston**, whose mother (father) was **Jody Albiston**, pictured above, are also condensery workers today. **Harold** operates a lift truck and **Roy**, a huge tank truck hauling milk from various milk receiving stations to Richmond.

Kin of Pioneers: Likewise, Arnold Smith, son of Sarah Johnson, is a condensery worker today, and Jennie W. Thompson, daughter of Jake Watson, is employed in the Sego office. Other kin of original Richmond Employees are Marvin Traveller and Delbert Bair, can forgers; L.F. Hendricks, cashier; Guy R. Hendricks and Rulon F. Boy Scout Gets Medal For Saving Train

ST. LOUIS (AP)—A 12-year-old Boy Scout is the proud possessor of a medal given him for preventing a possible derailment of a 98-car freight train.

The medal was given to James Baremore, son of Mr. and Mrs. John Baremore of suburban Shrewsbury, by grateful officials of the Frisco Railroad after the lad noticed a broken brake beam dragging beneath a train.

He dashed after the slow-moving freight and called the crew's attention to the broken beam.

The train was halted while repairs were made. Officials said the broken beam might well have derailed the train.

M and L Coal Snares Title; North Stars Rout 'Rebels'

M and L Coal annexed the First Half Girls' Valley League championship last evening, winning a playoff battle from Jim's Texaco of Smithfield 10-9. Scoring nine times in the first frame, the North All-Stars whacked the South, 19-8 in the second portion of the feminine softball doubleheader played at Smithfield. The Logan gals built up a 7-1 margin at the end of three innings but watched that lead pass by the boards when Jim's staged a seven run outburst in the fourth frame. Janice Jorgensen, the first hitter up in the fourth, lived on an error, Rozanne Hillyard drilled out her second single in two trips, Beth Cantwell singled and Marie Toombs was safe on a fielder's choice, Jorgensen scoring. Lois Rindlesbacher walked and Marie Wiser drove in two runs with a single. Vernice Hillyard popped out before Coreen Nielsen singled home one additional run. Peggy Meikle's double scored fifth and sixth runs and Jorgensen's two base blast allowed Meikle to score the seventh.

The Coal gang grabbed the lead once again in the bottom of the fourth with three runs and were never headed. Gayle Lucarini was credited with the win, although Ann Lamb relieved in the late innings. Marie Toombs, a southpaw, started for Jim's but Beth Cantwell, her successor, was charged with the setback. Ann Lamb led all hitters with four singles in five trips, one of which was a double. Loye Painter and Saunders had three hits including a two bagger. Roxanne Hillyard had two hits for the losers as did Beth Cantwell and Marie Toombs.

North All-Stars, which included players from Jim's Texaco, Johnson's Concrete and some from Richmond, pounded **Helen Albiston** for Richmond for nine runs in the first inning before Shanna Stirland, Providence pitcher, came in to put out the fire. The "Rebel" forces were never able to catch the Northern's after the disastrous first inning. **Albiston** was the loser and Norma Jensen the winner. Joy Zilles of Johnson's Concrete was the games only three time hitter. Second half action will start next Monday.

Other directors of the group following Mrs. Hendricks were C.I. Stoddard, J.W. Pulsipher, Ruth Peterson, Anna Johnson and the present director Mrs. Thalia Spackman. Accompanists for them have been Virginia Hendricks Gunnell, Mrs. E.M. Hicken, Adonia Dennis, Joan Hendricks Palmer and the present accompanist Mrs. Richard Bagley. On June 10, 1926, the group entered a contest sponsored by Improvement Association in which singing groups were judged for their performance. The Glee then changed its name to the Richmond Ladies Chorus and competed in Benson Stake. They won honors in Benson Stake and moved on in competition to Logan where they won first place out of six stakes competing. They then competed for all church honors in Salt Lake City against 15 other choruses and they won third place. Since that time the chorus has practiced weekly and performed on hundreds of occasions.

This group is considered a service organization and receives no financing from any organization except themselves. They contributed ten cents a month each for the purchasing of new music. Just recently they were able to have dresses made alike. They have been an ever popular group in the Benson Stake and are continuously on call to sing in funerals. Just recently they an entire program for the Senior Citizens group in Logan. They are also requested to sing at special Easter and Christmas programs. 4 Missing, Reservoir

DUTCH JOHN, Utah (UPI)—A search entered its fourth day today for four southern California fishermen missing on the Flaming Gorge Reservoir and presumed drowned.

U.S. Forest Service officials said efforts to locate the men and their boat with divers were unsuccessful and the searchers began dragging the area near the Utah-Wyoming state line Monday.

The missing men were identified as Alviro W. Pearson, Tarzana, Calif.; Marshall Hodge, Claremont, Calif.; Michael Mathews, Garden Grove, Calif., and Charles Wolverton, Long Beach. No ages were available.

Forester Phillip Johnson said the men were fishing near the Antelope Flat Marina Saturday when they were apparently caught in a violent windstorm.

Johnson said they were reported overdue by three other men in the party about 2 p.m.

Search efforts began immediately but were halted at dark. Fifteen divers reopened the search Sunday but extreme cold at lower depths and cloudy water hindered their efforts.

Daggett County Sheriff Kenneth Reed called in boats from Uintah and Duchesne counties and from the Forest Service and Utah Parks and Recreation Division to begin dragging operations Monday.

Authorities said Monday the girl was last seen at 1700 West and 2700 North. She was wearing brown slacks, a blue parka and brown moccasins. She has red hair and is 5-7.

Olsen To Seek Another Term

Marion Olsen, eight-year veteran of the Cache County Board of Commissioners, recently announced that he will seek re-election for a four-year term on the board.

Mr. Olsen noted that he has a great deal of interest in the people of the county, and has tried to serve them well and honestly, spending many hours of deliberation with the other commissioners to come up with programs for the good of the county.

Mr. Olsen is first vice chairman of the Utah Board of Water Resources and chairman of the Utah State Negotiating

Committee for the management of water of Bear River. He is also vice chairman of the RC&D program for Cache, Oneida and Box Elder counties.

Active in the LDS Church, Mr. Olsen has served as bishop of Paradise ward and on the Hyrum Stake High Council. He has had a life-long interest in scouting, serving on the Cache Valley Council for many years. He has been awarded the Silver Beaver.

Mr. Olsen and his wife, the former Lenore Rock, are parents of two daughters and seven grandchildren, all of them living in the county.

New Licenses Now Needed

Utah hunting and fishing licenses for 1972 became effective April 16 to replace the now invalid 1971 licenses, according to a Division of Wildlife Resources spokesman.

Douglas Pay, Assistant Chief of Fiscal and Accounting for the Division, said the new wildlife licenses are available from some 500 license agents throughout the state. There are no changes in license fees this year.

A resident license may be purchased by any person who has been domiciled in Utah for 60 consecutive days immediately preceding purchase of the

license. This person may not claim residency for hunting, fishing or trapping in any other state or country.

Pay reminded sportsmen to sign the new license before using it. Use of an unsigned license is illegal in Utah. Signature of the licensee on the license is certification of his eligibility to use the license for the purpose intended by the Utah Wildlife Resources Code.

Goose tags will not be issued with the 1972 hunting licenses. The Canada goose harvest will be controlled through adjustments of the goose hunting season dates.

Lewiston Lions Hear Legislator

Charles Bullen, state representative from our area in Cache county, was guest speaker at the Lewiston Lion's club dinner last Wednesday evening in the Lewiston Community building.

Mr. Bullen told of his recent trips to Europe and Mexico and his impressions of conditions in these countries relative to our own in certain areas. In Europe, people can be found on the streets in large crowds after shows and other evening entertainments, whereas in our large cities it is unsafe for citizens to be on the streets after dark because of the criminal element. He also said we could take a leaf from their book in keeping our cities and roadsides more attractive and free from debris.

The mass transportation systems such as subways, etc., are ahead of ours in both Europe and Mexico, Mr. Bullen said the United States is also pricing

itself out of the car market as evidenced by the almost total absence of American-made cars in the foreign countries and the increasing number of foreign-made cars in our own U. S.

Several trumpet solos were played by Michael Hymas, who was accompanied by his mother at the piano.

Ballots were marked for the election of club officers for the 1972-73 year. Successful candidates were W. Craig Westover, president; LaMonte Wheeler, first vice president; Jerry Jorgenson, second vice president; Mervin J. Bodily, secretary; Larry McKnight, treasurer; Omar Bergeson, tail twister; George S. Pond, Lion tamer; Stephen M. Bodily and Joseph Comish, directors; Dale Peterson and Y. Daines Lund are holdover directors.

Dinner was served to 25 members and four guests by Russell Bowcutt of the Lewiston Cafe.

Walkout Is Ended

NEW YORK (UPI)—Striking workers at REA Express ended a four-day walkout today and returned to the job in compliance with a federal back-to-work order.

Federal Court Judge Edward Weinfeld, issued a 10-day injunction against the strike Monday night, after 15,000 members of the Brotherhood of Railway and Airline Clerks (BRAC) voted to reject the company's latest contract offer.

REA President Tom Kole said that the company was "grateful for this action," calling it "a sound avenue which will allow us to get back to solving our differences and let the people help make the decision."

BRAC's New York general manager Steve Milone said Monday the union would obey the portion of the order banning picket lines, but "I'm not telling them to go back to work, and I'm not telling them not to go back. I can't say what they'll do."

According to reports, REA employees showed up for work on the midnight shift this morning.

Holly Albiston Has Served 37 Years as Projectionist
by Karla Rawlings, Herald Journal Correspondent

Richmond - The community theatre in Richmond will hold its last movies for the season on Saturday and when the night is ended **Holly Albiston** will have completed nearly 37 years as projectionist of the theatre.

On Oct 6, 1937, the theatre was opened for business and shows were presented for the first time and **Albiston** was there on opening night. In the beginning when movies were more popular for the general public, the theater was open four nights a week for two full features. It has now dwindled to a one night stand on Saturday night when at times it appears that the community conducts a glorified baby sitting service. This does not alter **Albiston's** basic concept that "the community needs to provide the kiddies some means of entertainment".

Albiston has worked for eight different mayors since the theatre was first opened as the community building was constructed when Dr. Morris Godfrey was mayor. Prior to this time the movies were held in the "Old Opera House".

According to **Albiston**, very little has changed so far as the machines are concerned, only the quality of the movies. They have changed lamp houses and changed from a low intensity arc to a high intensity arc on the projection machines to facilitate the showing of modern movies. Other than that, the machines are basically the same.

For 42 years **Albiston** was employed at Pet Milk until his retirement in 1968 where he worked as supervisor and shipping clerk. He was born in Richmond and established his own home with his wife **Ruby** and three daughters: **Mrs. Jalaine Robbins**, Salt Lake; **Mrs. Shirley Larsen**, Orem and **Mrs. Helen Kidd**, Richmond.

It seems that everyone loved him because of the service that he has rendered to the community. He is also active in his ward where he was recently sustained executive secretary. He has also been general secretary of the Aaronic Priesthood, members of the elder's quorum presidency and a home teacher. If all goes well, he will be on the job next fall when the reels start rolling again.

In the beginning when movies were more popular for the general public the theatre was open four nights a week for two full features. It has now dwindled to a one night stand on Saturday night when at times it appears that the community conducts a glorified baby sitting service. This does not alter Albiston's basic concept that "the community needs to provide the kiddies some means of entertainment."

Albiston has worked for eight different mayors since the

theatre was first opened as the community building was constructed when Dr. Morris Godfrey was mayor. Prior to this time the movies were held in the "Old Opera House."

According to Albiston, very little has changed so far as the machines are concerned, only the quality of the movies. They have changed lamp houses and changed from a low intensity arc to a high intensity arc on the projection machines to facilitate the showing of the modern movies. Other than that, the machines are basically the same.

For 42 years Albiston was employed at Pet Milk until his retirement in 1968 where he worked as supervisor and shipping clerk. He was born in Richmond and established his own home with his wife Ruby and three daughters: Mrs. Jaylaine Robbins, Salt Lake; Mrs. Shirley Larsen, Orem and Mrs. Helen Kidd, Richmond.

It seems that everyone loves him because of the service that

he has rendered to the community. He is also active in his ward where he was recently sustained executive secretary. He has also been general secretary of the Aaronic Priesthood, members of the elder's quorum presidency and a home teacher.

If all goes well, he will be on the job next fall when the reels start rolling again.

Light A Light For Christmas

Christmas in October? Yes - as a gift of a dollar per family October 9 in order to purchase new lighting and displays to decorate the beautiful new Orem City Center at Christmas time. The grounds at the City Center form the perfect backdrop for the planned lightings. A committee made up of representatives from the following Orem organizations are spearheading the project: **Shirley Larsen**, Olesca; JoElla Eckles, Orem Boosters; Max Weaver, Orem Art Board; Ann Rawlings, Orem PTA Board; Mina Brown, Senior Citizens; Jean Smith and Donna Cook, Jaycees' Wiess; Karl Schemensky, Jaycees. Dona Sumner, Orem Business and Professional Women; Gerald Sasser, Orem Chamber of Commerce, Ernie Summers, Orem Lions; Lola Adams, Orem Women's Club; and Roscoe Carroll, Orem Kiwanis.

It is the desire to completely light all the trees around the building with the miniature lights (similar to those around the Temple grounds) and to light the building this year. Next year through various projects plans are being made to have a number of Christmas displays in the area. This year there will be a live reproduction of the Nativity in conjunction with the lighting ceremony to be held at the conclusion of the Winterfest activities at 6 p.m. on Nov 23. Next year this will be extended to five nights prior to Christmas in which live presentations of Christmas themes will be made.

There are many ways this kind of committee felt all the people would want to participate and especially to give the children an opportunity to feel it is theirs by buying a light for themselves. A flyer will be sent home with each student on Oct. 8 to be returned by Oct. 9 with your gift. The committee will pass out the flyers and be at each Orem school on Oct. 9 to accept the money and place a small name-inscribed tree on a tree at the school. After being displayed at the school the trees will form a large tree for the city center for display through the Christmas season. If you do not have a student in your home, send your gift to Lighting Committee, Orem City Center, 56 North State, Orem, 84057. This is a total community project and the committee expresses their thanks to all who assisted especially to the PTA and schools for their cooperation.

Awards Presented During Richmond's Celebration

The Richmond and Richmond South Ward Aaronic Priesthood and Young Women sponsored a day of fun and activity for all ages on July 24. The day started off with a flag raising ceremony at 9:00 on the Bicentennial Garden. Special awards were presented to citizens who had done a lot for the youth of the community, Mayor Richard Bagley, Mrs. Fawn Dahle, Mrs. Lucy Spackman, Floyd White, Milton Webb, **Harold Albiston**, Dee Bair, Mark Theurer, Roland and Alice Anderson, and the Black and White Committee.

For the little children, there was a pet show at 9:30. All children under 11 were invited to enter one pet. The pets ranged from shetland ponies and baby goats to pet rocks and butterflies. The categories were for dogs, cats and others. The judges had such a hard time deciding which pets deserved blue ribbons that they finally decided to give each child a blue ribbon. After the pet show the children competed in relay races. Ribbons were also given in these events.

There was a lunch break until 2:00 when everyone gathered again to take part in a tug of war. One tug of war featured the boys competing against the girls. The girls gave it a good try, but couldn't quite come out with a victory. The Lions and Jaycees also came out victorious when they pulled against the girls. The watermelon eating contest started at 3:00. There was a 10 cent pre-registration, but in the end everyone got a piece of the watermelon. There was a softball game for anyone who wanted to play. No score was kept, it was just a game for fun. The day ended with a dance on the church parking lot at 8:00.

The planning committee was headed by Ruth Little, Scott Webb, LeAnn Benson, Craig Bagley, Jeanette Erickson, Pam Bair, Leanne Erickson, and Lori Skidmore.
