Student Labor Is Needed On Farms

Student labor from Logan Junior and Senior high schools is urgently needed in Cache fields this summer, and today they were requested to sign field work cards, distributed through schools by the county extension service.

"Many young people have the idea that they won't be needed for work in the crops this summer," Bennie J. Ravsten, Cache farm labor supervisor, declared today. "The response to registration requests thus far has been one of indifference."

"We urge Junior and Senior high students to sign up for work in beets, beans, fruits and other crops. They are urgently needed in the important battle of food production. We suggest, also, that parents encourage their children to aid in this cause."

Holly Albiston Has Served 37 Years As Projectionist

By Karla Rawlings

RICHMOND — The community theatre in Richmond will hold its last movies for the season on Saturday and when the night is ended Holly Albiston will have completed nearly 37 years as projectionist of the theatre.

On Oct. 6, 1937, the theatre was opened for business and shows were presented for the first time and Albiston was there on opening night. In the beginning when movies were more popular for the general public the theatre was open four nights a week for two full features. It has now dwindled to a one night stand on Saturday night when at times it appears that the community conducts a glorified baby sitting service. This does not alter Albiston's basic concept that "the community needs to provide the kiddies some means of entertainment."

Albiston has worked for eight different mayors since the

theatre was first opened as the community building was constructed when Dr. Morris Godfrey was mayor. Prior to this time the movies were held in the "Old Opera House."

According to Albiston, very little has changed so far as the machines are concerned, only the quality of the movies. They have changed lamp houses and changed from a low intensity arc to a high intensity arc on the projection machines to facilitate the showing of the modern movies. Other than that, the machines are basically the same.

For 42 years Albiston was employed at Pet Milk until his retirement in 1968 where he worked as supervisor and shipping clerk. He was born in Richmond and established his own home with his wife Ruby and three daughters: Mrs. Jaylaine Robbins, Salt Lake; Mrs. Shirley Larsen, Orem and Mrs. Helen Kidd, Richmond.

It seems that everyone loves him because of the service that

he has rendered to the community. He is also active in his ward where he was recently sustained executive secretary. He has also been general secretary of the Aaronic Priesthood, members of the elder's quorum presidency and a home teacher.

If all goes well, he will be on the job next fall when the reels start rolling again.

Holly Albiston Has Served 37 Years as Projectionist
by Karla Rawlings, Herald Journal Correspondent

Richmond - The community theatre in Richmond will hold its last movies for the season on Saturday and when the night is ended Holly Albiston will have completed nearly 37 years as projectionist of the theatre.

On Oct 6, 1937, the theatre was opened for business and shows were presented for the first time and Albiston was there on opening night. In the beginning when movies were more popular for the general public, the theater was open four nights a week for two full features. It has now dwindled to a one night stand on Saturday night when at times it appears that the community conducts a glorified baby sitting service. This does not alter Albiston's basic concept that "the community needs to provide the kiddies some means of entertainment".

Albiston has worked for eight different mayors since the theatre was first opened as the community building was constructed when Dr. Morris Godfrey was mayor. Prior to this time the movies were held in the "Old Opera House".

According to Albiston, very little has changed so far as the machines are concerned, only the quality of the movies. They have changed lamp houses and changed from a low intensity arc to a high intensity arc on the projection machines to facilitate the showing of modern movies. Other than that, the machines are basically the same.

For 42 years Albiston was employed at Pet Milk until his retirement in 1968 where he worked as supervisor and shipping clerk. Light A Light For Christmas

Christmas in October? Yes-- as a gift of a dollar per family October 9 in order to purchase new lighting and displays to decorate the beautiful new Orem City Center at Christmas time.

The grounds at the City Center form the perfect backdrop for the planned lightings.

The grounds at the City Center form

A committee made up of representatives from the following Orem organizations are spearheading the project:

Shirley Larsen, Olesca; Jo Ella Eckles, Orem Boosters; Max Weaver, Orem Art Board; Ann Rawlings, Orem PTA Board; Mina Brown, Senior Citizens; Jean Smith and Donna Cook, Jaycees' Wives; Karl Schemensky, Jaycees.

Dona Sumner, Orem Business and Professional Women; Gerald Sasser, Orem Chamber of Commerce; Ernie Summers, Orem Lions; Lola Adams, Orem Women's Club; and Roscoe Carroll, Orem Kiwanis.

It is the desire to completely light all the trees around the building with the miniature lights (similar to those around the Temple grounds) and to light the building this year.

Next year through various projects plans are being made to have a number of Christmas displays in the area.

This year there will be a live reproduction of the Nativity in conjunction with the lighting ceremony to be held at the conclusion of the Winterfest activities at 6 p.m. on Nov. 23.

Next year this will be extended to five nights prior to Christmas in which live presentations of Christmas themes will be made.

There are many ways this kind of project could be done and the committee felt all the people would want to participate and especially to give the children an opportunity to feel it is theirs by buying a light for themselves.

A flyer will be sent home with each student on Oct. 8 to be returned by Oct. 9 with your gift. The committee will pass out the flyers and be at each Orem school on Oct. 9 to accept the money and place a small name-inscribed tree on a tree at the school. After being displayed at the school the trees will form a large tree for the city center for display through the Christmas season.

If you do not have a student in your home, send your gift to Lighting Committee, Orem City Center, 56 North State, Orem, 84057.

This is a total community project and the committee expresses their thanks to all who assisted especially to the PTA and schools for their cooperation.

Lynn Larsen is a center on the Orem junior varsity this year. He is also on the varsity squad. This is his fourth year in official basketball. Lynn began in eighth grade, where he worked under Coach Jack Sumner for Orem Junior High. The difference between varsity and junior varsity, according to Lynn, is the refereeing. He feels varsity basketball is more demanding. When it isn't basketball season, Lynn enjoys motorcycling. He has his own Kawasaki and is capable of repairing it himself.
