Vennetta Spencer Birth - Saturday 16 January 1897

"I, Vennetta, was born in Salt Lake City on 13th East in the Sugar House area on 16 Jan 1897. My parents were Henry Wilson Spencer and Vennetta Naylor. My parents lived in a lovely 6 room house on about three acres of ground, with a garden, fruit trees, a cow, chickens, pigs and a horse. This was next to my grandmother Naylor's place".

Lorenzo Wesley Robbins Birth - Tuesday 5 December 1899

(Oakley, ID Ranch. 1892) "We were comfortable living in the two room log house (large rooms). Here we planted an acre of orchard which grew into a nice orchard". "In the spring of 1894, I built two more rooms to the house".

"First son: Before reaching home on December 5, 1899, Wesley was born, our first boy, we named him Lorenzo Wesley. A very brave mother to furnish a boy without the father being present."

Location of the ranch house in Oakley not currently identified.

<1891> That fall we bought a small ranch from Alva Callister at Oakley and moved there. We were comfortable living in the two room log house (large rooms). Here we planted an acre of orchard which grew into a nice orchard.

In the spring of 1894, I built two more rooms to the house. I put the farms in full cultivation.

Burley Idaho - Homestead (Wes) - 1906

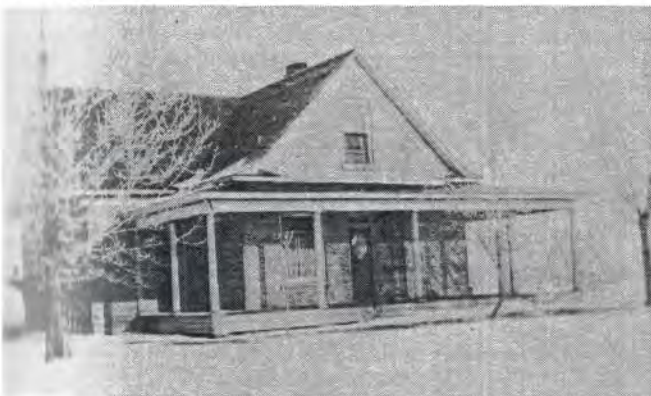

1904 was a successful year in the implement business as had been the year before. This year I began to build a home on the lot, I was successful in trading the house into existence, finishing it and had it paid for in full. The implement company auditor came in the fall to check up. I not only had paid for what had been sold of the goods, but had credit for \$600.00 and all goods on hand were paid for; the inventory was a little over \$1800.00. The auditor said, "How did you do it, for I expected to find a shortage."

"Moved from Oakley, ID to Burley, ID in May of 1906 to the homestead at Burley, ID."
<1906>

The last of May we sold the Oakley house to Mr. O. Funk for \$2500.00. He was manager of the Oakley implement house and we moved to the homestead at Burley. During the summer, we built a 7 room brick house on the farm. This was the first house to have running water, hot and cold, supplied by a tank and pumped from a well by a windmill. We had the first lawn and trees of Burley.

In 1914, we moved from the homestead farm in Burley, ID into town.

Page 41 of Lorenzo Wilson Robbins Family History - Quote from Lorenzo Wilson Robbins

During 1913 the Burley Hotel was rebuilt. The Bank of Commerce was in operation. The First National Bank was located in the Burley Hotel and business was expanding. Mr. Peterson, manager, Snake River Implement had expanded the business to Twin Falls and had done so much trading that by the fall he was unable to carry on further and the business was in receivership. I had to help with the company and was made receiver. In 1914 we moved from the farm to town.

The Good Old Days

Before 1973, the West and North numbered streets were numbered 100 less than what they are today. So what is today 5400 West was 5300 West before 1973. Similarly what is today 3rd North was 2nd North before 1973. The South and East numbered streets were not renumbered. And the house numbers were not changed. This makes it challenging to correlate addresses in the census with addresses of today.

What was worse, half the house addresses were not on the blocks where you would expect to find them. This drove the postal workers crazy, and was the reason for the change. To illustrate this point, consider the house that is today at 750 North 500 West. That house is on 5th West and is between 7th North and 8th North. Prior to 1973, that house had address 750 North 400 West and was between 6th North and 7th North. But at the same time, 750 South 400 West was between 7th South and 8th South, where it belonged.

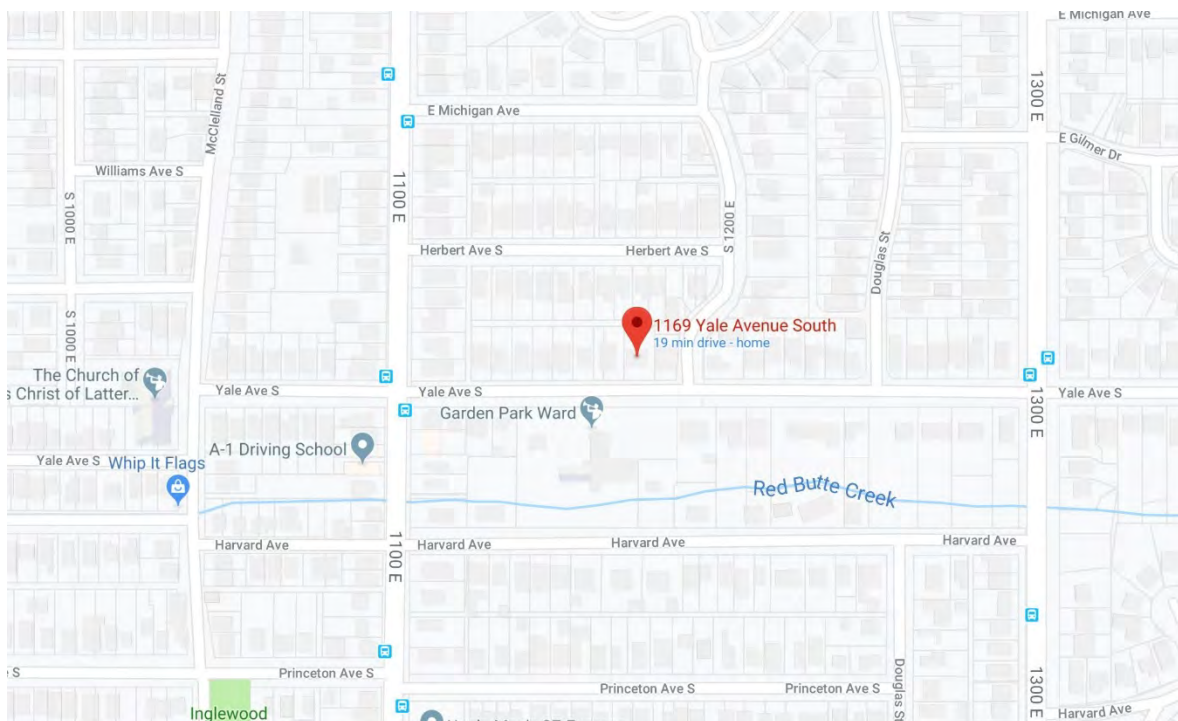

Below is an idealized map of Salt Lake City prior to 1973.

Notes
- Significance: Building M37 is a contributing element of the Mare Island Historic District. It is the focal point of the Marine Corps compound at Mare Island and is among the most impressive buildings anywhere within the Mare Island Historic District. Historically, it was the barracks and headquarters for the Marine Corps compound between 1917 and the 1990s, the time of the removal of the Marine detachment. Architecturally, this huge reinforced concrete building is a good expression of classically styled Beaux Arts design. The severity of the reinforced concrete mass is mitigated through the use of neoclassical detail, including its rusticated base, segmental arched windows, and dormers across the length of the roofline.

Marriage of Wes & Net - 1923

"Wes and I dated for a long time. We broke up for a short time and met again and were married 20 June 1923 by Bishop Wallace at a home wedding at my sister Ada's home. We spent our honeymoon in Ogden. Wes worked for Dun & Bradstreet on the road and I got a job at Wright Department Store. While living in Ogden, we opened a confectionery store near Weber College."

"Lowell Wesley (Bud) was born 15 months after we were married. He was a darling son. We lived in the back of the store. Wes worked days and then I put Bud to bed and worked nights. We stayed there two years. I got pregnant with Sharon and we had to give it up, because we didn't make that much money."

In Dec 1948, a salesman from Kimball Pianos talked Wes into going into his own business and owning a store in Great Falls, Montana. We moved and opened a store called Robbins Music Company. Sharon and Phil Kearsley were married the 3rd of Dec 1948, so on top of selling 100 chickens and the farm, we left the 8th of Dec. We only lived there nine months as it was so cold. Bud was going to the U at the time... We did wonderful but Renee and Wes were sick all the time. We sold the business.

Salt Lake City Utah - 1950

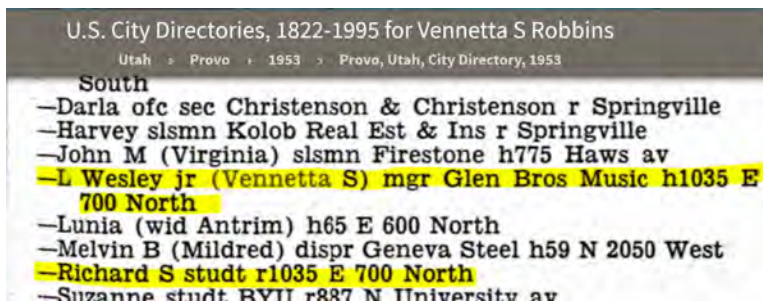

Wes was offered a job to go back to Glen Brothers Music, in Salt Lake this time, so we moved back. Wes worked in the Salt Lake store for a while and then was asked to open a store in Provo. Wes hired a lady to work in records and sheet music but she didn't like it, so she quit. He asked me to help him until he hired another I worked for ten years. I sold pianos, organs, instruments, sheet music, kept books and helped with it all.

"I graduated from Great Falls High School May 1949. Soon after we moved to Pocatello where I attended a year of college. Dad and Mom moved back to Salt Lake in 1950. I moved into the dorm and finished my year."
